

RSM Electronic Journals available via the ATOZ (EBSCO) ejournals service.

These titles (over 660 permanent) are currently available to members and Fellows of the RSM via the Members Only website.

Please note this includes some titles which are part of a trial, e.g. Medline. The Library has access to some other e-journals which are only available on-site (i.e. via the Library computers) as well as a large collection of print journals. Please use the Library's Online Catalogue to check full details of print holdings (no login required). Nature Publishing titles: electronic access is only 2011 as sponsorship for these titles has now ended. Some of these titles come as part of publisher packages (bundles) and some titles on this list may not always be available. Please ask the Library about specific titles you require.
