

Mr John K Skuse

FDS, BDS, LDS - Chairman of the Audit Committee

I have been a Fellow of the RSM for over 30 years. I am in general dental practice in London W1 and Honorary Consultant in Oral Surgery to St. Luke's Hospital for the Clergy.

I make almost daily use of the Wimpole Street facilities, both academic and club. This has allowed me to understand in depth the needs and expectations of the membership.

I was co-opted onto the House Committee in 2002 and then elected to Council in 2005.

I currently serve on the Members' Services and Safety Committees.

My main appointment is Chairman of the Audit Committee, giving me particular insight into the financial management of the Society.

The major challenges facing the RSM over the next few years will remain financial, so the excellent working relationship I have built up with the Finance Director through the Audit Committee will be invaluable as Treasurer.

We have to balance the books, provide our members and fellows with excellent facilities, maintain our national reputation for academic excellence and discharge the bank loan.

It will be an honour to serve the Society as Honorary Treasurer at this important time.
