

## **Vision UK Thematic Awards and Astbury Award 2019: Nomination Form**

Nominations are taken from the breadth of the eye health and sight loss sector.

Nominees for the new Vision UK thematic awards will be awarded in recognition of work that is centred around Vision UK's four strategic priorities

- Evidence and statistics
- Research, cures and treatments
- Services, support and care
- Public perception of sight loss

The Astbury Award recognises excellence in collaboration within the eye health and sight loss sectors and can be an individual, organisation, or for a specific eye health or sight loss programme or piece of work. The awards can also be in recognition of a whole career in which fostering collaboration has been a significant theme.

### **Award category (delete as appropriate)**

Evidence and statistics  
Research, cures and treatments  
Services, support and care  
Public perception of sight loss  
Astbury Award
