

## **CHAIR'S REPORT, AGM 2026**

The Senior Fellows Forum (SFF) is a most attractive element of RSM membership. As always we are indebted to the Engagement and Catering Teams for their professionalism in supporting the SFF and its events.

Our core activities are the regular Internal, external events and the annual Advances in Medicine and Surgery Day; we are indeed fortunate to have such talented and highly regarded Officers who arrange them, namely Dr Richard Moore, Mrs Sue Weir and Professor David Goldsmith respectively- thank you from us all.

We must acknowledge the loyal support of our members who ensure that our events are both pleasurable and stimulating.

I should also like to remind readers that our membership is open to all senior RSM Fellows, nor restricted to medics! The same holds for membership of our committee!

I demit from office having served the SFF since 2015. It has been both a huge honour and a delight to have helped shape the Forum on behalf of our membership.

Your Committee has recommended Dr Richard Moore, a former GP, as my successor as Chair. Richard is brimming with ideas, ready to take advantage of the new technologies being introduced, to enhance the RSM members experience. I do hope that you approve and support his election.

Wishing the SFF and its members every success going forward.

Jeffrey Rosenberg  
Chair, Senior Fellows Forum  
June 2026
